Power Your Oracle E-Business Suite (EBS) With Microsoft Azure

Elevate your Oracle E-Business Suite (EBS) to the next level with Datavail's Oracle EBS on Azure services, incorporating the exclusive Oracle Database@Azure, the sole Oracle-certified platform on Azure. Our services ensure your EBS runs optimally on Oracle Enterprise Edition via Azure VMs, providing a compliant and performance-driven environment. Datavail handles all aspects of management, from migration to optimization, freeing you to focus on innovation and growth without the burden of infrastructure concerns.

Oracle EBS on Azure IaaS

Efficient Workloads

Run Oracle and LoB apps with near-zero RPO, ensuring data integrity during disruptions.

Global Reach

Available across all Azure regions for a broad operational footprint.

Diverse OS Support

Compatibility with Oracle Enterprise Linux, RHEL, and more for seamless integration.

Reliability

A production-ready solution that promises dependable uptime for your critical applications.

Peak Performance

Virtual machines with up to 416 vCPUs and 12 TB RAM cater to large-scale business needs.

Cost Optimization

Pay only for what you use with tools that help right-size your resources, keeping TCO in check.
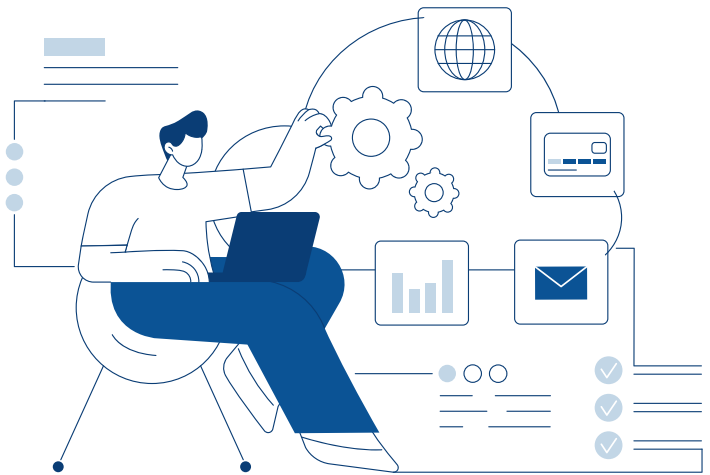

Resource Flexibility

Manage resource use effectively, scaling up or down with business cycles for maximum efficiency.

Why Datavail Is the Right Partner to Bring Your Oracle Estate to Azure

Datavail harnesses specialized methodologies and advanced automation accelerators to streamline your Oracle migration to Azure, ensuring a swift and effective cloud transition. Our approach includes a comprehensive Cloud Strategy and Adoption Assessment and a hands-on technology pilot with specific deliverables. This collaborative and strategic process is designed to meet the unique needs of each business, facilitating a seamless shift to Microsoft Azure.

Optimized License Assessment

Analyzes what Oracle licenses you really need in Azure and opportunities to optimize these based upon the new Azure architecture.

TCO Calculator

Uncover potential savings with our Oracle TCO calculator , offering clear financial insights for Azure migrations.

Migration Methodology

Benefit from our industry-aligned methodology and deep Oracle knowledge for seamless cloud transitions.

Oracle Expertise

Rely on our decade of Oracle experience and 500+ certified consultants for adept software asset management and licensing guidance.

Integration Mastery

Trust in our full-stack management and optimization capabilities for your Oracle environment's applications, databases, and systems.

Next-Gen MSP

Choose Datavail for continuous, next-generation managed services that keep your Oracle systems on Azure performing optimally and in step with business demands.
